Dear Urology Foundation ,

I enclose a grant of £1,000 from Penguins Against Cancer to The Urology Foundation, to be used to raise awareness of, and fund research into, Urological cancers.

Penguins Against Cancer is a registered charity which raises awareness of cancer, and makes grants to support cancer research, treatment and hospices.

We continue to stage numerous sporting and social events with the aim of making altruism fun. The enclosed grant, proposed by Ben Challacombe and the Guy's Hospital Urology Team, was made possible by the extraordinary generosity of, amongst others: Simon Hughes, Chris and Ann Howell, Jamie and Anita Combes and Paul Cassar.

The Penguins recently played the Guy's Hospital Freshers in our annual rugby match and, I am pleased to report, overcame some spirited opposition using a combination of experience, weight and age to eventually triumph 36 – 22. [One of our players, Chris Howell, was more than 3 times the age of any of our opponents.] The match was followed by our AGM and dinner, superbly organised by Susannah Roughton, where a considerable amount of money was raised through an auction and a magic raffle.

If you wish to know more about our charity, please visit our website: www.penguinsagainstcancer.org.uk.

I would be most grateful if you would acknowledge receipt of this letter and let us know how the money has been spent. Best Wishes and Good Luck with the excellent work you do.

Yours sincerely

Charlie Beardmore, on behalf of:
